Remarks	I have been a resident in town since the fall of 2022, and have been eager to volunteer my time in pursuit of continuing the successful administration of town business. I am transparent in my lack of experience in this specific area, but am very interested in learning and participating in the most meaningful way I can. Prior to moving to North Attleborough, I was a trustee for my 40-unit condo building in Dorchester which required regular meetings with the property manager and participating in the bid process for a number of projects, including HVAC replacement, landscaping, and building repairs. Despite being green, I think my interest and skillset would suit the town's needs in this regard. Thank you for your time and consideration. Regards, Nick

PURPOSE AND JUSTIFICATION:

Article VI, Section 6-6 (c) of the Town Charter allows the Town Manager to make line item transfers within the budget during the fiscal year provided such transfers are of unencumbered funds and are reported to the Town Council within seven (7) days of said transfer. The maximum dollar limit of transfers must be set by the Town Council during each fiscal year. Additionally, the Town Council may establish rules regarding any appropriations transfers above and beyond the seven day notification should the Council feel the need.

I respectfully request the Town Council vote "to approve, per Article VI, Section 6-6(c) of the Town Charter, a maximum limit for line item transfers that the Town Manager may approve at \$20,000.00 for fiscal year 2025."

PURPOSE AND JUSTIFICATION:

The purpose of this measure is to obtain approval to transfer this parcel from the Town Council to the Town Manager for the purpose of selling.

The parcel of property known as Plat 9/ Lot 177, approximately 0.0459 of an acre in size, is located on Belmont Street (Rear Hawthorne St.) is currently owned by the Town of North Attleborough. The Town would be interested in selling this property.

If this measure is approved, the North Attleborough Town Manager would then solicit bids for the sale of this parcel of land on Belmont St., North Attleborough, MA, (Plat 9/Lot 177) which contains approximately 2,000 square feet. The Request for Bid-Sale of Real Property would then be advertised in The Sun Chronicle and on the Town's Website for at least two weeks before sealed bids would be received.

Therefore, I am asking that the Town Council approve that the Parcel of Land Located on Belmont St.-Plat 9/ Lot 177 be Transferred from the Town Council for the purpose for which it is held to the Town Manager for the purpose of sale.

PURPOSE AND JUSTIFICATION:

This measure aims to broaden the investment capabilities of the Treasurer by allowing for the investment of Town Trust Funds into a more diverse array of options beyond those currently permitted by the Massachusetts Legal List. This will be achieved by adopting and adhering to the investment guidelines outlined in Massachusetts General Law Chapter 203C, thus providing a solid foundation and expanded opportunities for the responsible growth and management of the town's financial resources.

July 1, 2023

This Legal List of Investments (List) is prepared as of July 1, 2023. Investors are advised to take note of changes to individual investments on this List that occur after this date.

The following is a list of and related provisions regarding stocks, bonds, notes, railroad equipment trust certificates, and other interest-bearing obligations which, in the opinion of the Division of Banks (Division), are now legal investments under the provisions of Massachusetts General Laws chapter 167, sections 15A-15K, inclusive.

As used throughout this document and in G.L. c. 167, sections 15A-15K, inclusive, the terms “legal list” and “legal investments” shall mean the list of securities approved for investment by the Commissioner of Banks (Commissioner).

An entity issuing stocks, bonds, notes, or other interest-bearing obligations shall apply directly to the Commissioner and identify itself as being eligible for possible inclusion on the List under sections 15E to 15K of G.L. c. 167, provided, however, that investments governed by said section 15B must follow the process for inclusion on the List set out in that statute.

Approval of any security by the Commissioner for addition to or inclusion in the List should not in any way be construed as a recommendation by the Division for investment. Each investor has the responsibility of evaluating the merits of a particular investment for the individual institution as well as determining whether that investment meets the investor's financial objectives.

FY 24 State Budget Change to Standards for Investment of Trust Funds in Municipalities

September 11, 2023

The FY 24 state budget, Chapter 28 of the Acts of 2023, includes a change to the standards for investment of trust funds in municipalities. Section 26 amends G.L. c. 44, §54, to insert a local acceptance provision that allows investment in accordance with the so-called “Prudent Investment Rule” (G.L. c. 203C), which essentially allows for a broader range of investments, some of which may be “riskier” than what would otherwise be allowed for investments in savings banks. The revised version of G.L. c. 44, §54 provides as follows (with the new text italicized):

Section 54. (a) Trust funds, including cemetery perpetual care funds, unless otherwise provided or directed by the donor of the funds, shall be deposited in: a trust company, co-operative bank or savings bank, if the trust company or bank is organized or exists under the laws of the commonwealth or any other state or may transact business in the commonwealth and has its main office or a branch office in the commonwealth; a national bank, federal savings bank or federal savings and loan association, if the bank or association may transact business and has its main office or a branch office in the commonwealth; provided, however, that a state-chartered or federally-chartered bank shall be insured by the Federal Deposit Insurance Corporation or its successor or invested by cities and towns in participation units in a combined investment fund under section 38A of chapter 29 or in bonds or notes which are legal investments for savings banks. Cities and towns having such funds in the custody of the treasurer in an aggregate amount in excess of \$250,000 may also invest such funds in securities, other than mortgages or collateral loans, which are legal for the investment of funds of savings banks under the laws of the commonwealth; provided, that not more than 15 per cent of any such trust funds shall be invested in bank stocks and insurance company stocks, nor shall more than 1 1/2 per cent of such funds be invested in the stock of any 1 bank or insurance company.

(b)(1) A city, town or district that accepts this subsection in the manner provided in section 4 of chapter 4 may manage trust funds held in the custody of the treasurer of the city, town or district as a combined investment pool and may invest said funds in accordance with chapter 203C and not in accordance with subsection (a). If any provision of this subsection conflicts with the terms of a bequest, trust or other instrument that expresses the clear intent of the donor, then such funds may be managed and invested only in accordance with the terms of such bequest, trust or other instrument.

(2) Paragraph (1) shall only apply to trust funds and shall not apply to any other money held or controlled by a city, town or district or to any money held or controlled by any other municipal authority, commission or other such entity or fund which is authorized to invest its funds pursuant to this section.

(c) Municipal trust funds subject to this section invested in a chartered, insured financial institution shall only be deposited in accordance with subsection (a).

(d) This section shall not apply to the City of Boston.

Note that since Chapter 28 of the Acts of 2023 included an emergency preamble, it took effect immediately, unless as otherwise specified. Section 115 of said Chapter 28 states that the Act took effect as of July 1, 2023.

Therefore, if towns want to include this local acceptance provision on their upcoming fall or special town meeting warrants, the article can take a form similar to the following:

To see if the Town will vote to accept the provisions of G.L. c.44, §54(b) to allow Town trust funds to be invested in accordance with G.L. c.203C, the so-called “Prudent Investment Rule”, or take any other action relative thereto.

Overtime Supplemental Request

Background:

The Fire Department began the FY 2024 budget with a positive outlook, fully funded overtime budget and plans to hire new personnel. Shortly after the FY 2024 budget was implemented, we were subjected to several long-term illnesses, resignations and personnel issues which have been impacting our Overtime Budget. The hiring process to fill some vacant positions was successful as we are out of Civil Service however, many of our new hires were not firefighter trained, needed to be trained in house and attend the Career Recruit Academy, which is 10 weeks long and, and in some cases, there was a several month delay due to academy backlogs. All these issues have had an impact on our overall overtime budget and are certainly unprecedented.

Long Term Illnesses

During this current fiscal year, we had 3 nonjob related illnesses, 1 multi year military leave, and 2 on the job injuries. In addition to the illnesses, we hired 10 new firefighters to fill vacancies due to retirements, and resignations to other departments. Most of these new hires were not trained as firefighters as noted above.

Mitigation Efforts

Throughout the fiscal year we monitored our overtime budget and expenses and have accounted for any excess salaries due to the retirements and resignations and have seen a significant decrease in our weekly overtime budget as we were able to get some firefighters into other academies with less wait times. By being successful at this we were able to get the firefighters back to North Attleboro and on shift to count towards staffing. Additionally, we made multiple personnel transfers to balance out the shift to control the amount of overtime being spent.

Other Impacts

In addition to the long-term illnesses and vacancies we had several flooding rainstorms which required callback of off duty personnel, working house fires and other significant incidents. Our call volume continues to increase as we are 60 calls for service ahead of this time last year.

Additional Funding Fire

We have seen a significant decrease in the overtime expenses as we were up to around \$61,000 per pay period back in the summer and has now leveled off to around \$20,000 per pay period and it is my anticipation this will decrease even more once we get the recruits back from the academy in the beginning of April.

We have looked at the remaining days off to potential cover for contractual vacation time, personal time, education leave and military leave which is 331 days. **Worst case scenario for calculation purposes:**

331 days x 12 hours as an average is 3972 hours. If we estimate high the overtime scale of \$50/hr. and multiply this by the total hours we are looking at \$198,000.00. One thing we cannot predict is who takes the overtime and which budget would have the biggest impact as some firefighters are paid out of the fire budget and some paid out of the ambulance budget. Once we have all the firefighters back from the academy and we hire the current vacant firefighter position we will have 3 shifts at 14 for staffing and 1 shift at 13 for staffing. These shift numbers will allow our overtime numbers to decrease for the remaining Fiscal Year.

Based on this evaluation I would like to request the following additional funding for the fire department overtime budget:

Fire: \$125,000.00

Ambulance: \$125,000.00.

The funding for the ambulance budget increase request would come from the ambulance receipt reserve account as there is adequate funding available. Current balance is approximately 2,170,397.99 and we are on track for approximately 3,084,254.98 (rough estimate).

Specific Breakdown of Hours and Monetary Value:

Injured On Duty and Non-Job-Related Sickness

- a. Firefighter A: Injured On Duty: 864 Hours. $864 \times \$50.00$: **\$43,200.00**

- g. Flash Flooding on September 9 and 11: **\$8900.00**
- h. Diamond Street Fire: March 25, 2024: **\$1800.00**

Total: \$16,400.00

Closing

Fiscal 2024 certainly has been a difficult year for the fire department with unprecedented on the job and off the job illnesses, injuries, military leave, and Probationary Firefighter Career Recruit Academy leave in addition to several major incidents requiring callback of personnel. The monetary impact to these unexpected circumstances totals **\$505,700.00**. For the Fiscal Year 2024 budget our overtime budget on the fire side was **\$600,00.00** and **\$250,000** on the ambulance side. The **\$505,700.00** does not take into account contractual vacation and personal time and does not take into account illness from COVID and other related respiratory illnesses.

Respectfully,
Christopher M. Coleman
Chief of Department
