TOWN COUNCIL MEASURE SUBMITTAL

Date: 2/9/2026

Submitted By: Town Manager

Telephone #: 508-699-0100

MEASURE DESCRIPTION:

Approval for Elections Department to "Opt Out of Mail in Ballots" for the Upcoming Town Election on April 7, 2026.

PURPOSE AND JUSTIFICATION:

Purpose:

To request an exemption from mail-in ballots for the April 7, 2026 Town election.

Justification:

The timeline for preparing and distributing mail-in ballots for the Town election is closely aligned with the demanding schedule of the election preparations. The process begins 33 days prior to the Town election, involving a meticulous setup and approval procedure with Elections Systems & Software, followed by a printing phase. This concurrent scheduling poses significant challenges in ensuring the timely receipt of ballots by the Elections office, especially early voting and absentee ballots. Upon receipt, each ballot undergoes a rigorous accuracy check before being dispatched to voters. This overlapping timeframe creates an intensive workload, heightening the risk of errors in processing and mailing the ballots. Moreover, it compresses the period available for voters to receive, complete, and return their ballots, potentially impacting the integrity and efficiency of the voting process. Therefore, opting out of mail-in ballots is proposed to mitigate these risks and ensure a smooth and error-free election process.

Authorization of Environmental Remediation Tax Relief Agreements - Adoption of the Brownfields Tax Abatement Agreements Bylaw

email=mborg@nattleboro.com, c=US
Reason: I am the author of this document

PURPOSE AND JUSTIFICATION:

The purpose of this measure, as authorized the Town Council of North Attleborough acceptance under Massachusetts General Law Chapter 59, Section 59A, is to establish a local bylaw and process for negotiating Brownfields Tax Abatement Agreements for qualifying contaminated commercial and industrial properties.

North Attleborough contains properties where the presence or potential presence of oil or hazardous material contamination has discouraged private investment and delayed redevelopment. These sites often remain underutilized or vacant, contribute limited economic value, and can present environmental and public health concerns. The cost of environmental assessment and remediation can be a significant barrier for “innocent owners” or prospective purchasers who were not responsible for the contamination.

Adoption of the Brownfields Tax Abatement Agreements Bylaw will:

- ” Encourage the cleanup and productive reuse of contaminated properties
- ” Reduce environmental and public health risks associated with legacy industrial sites
- ” Return underperforming parcels to the tax rolls and support long term growth in the commercial and industrial tax base
- ” Support job creation, private investment, and potential housing or mixed use redevelopment
- ” Provide a structured, transparent, and Council-approved process rather than ad hoc negotiations

This bylaw balances environmental responsibility with fiscal stewardship. It does not forgive taxes broadly or without conditions. It creates a controlled mechanism for the Town to leverage tax restructuring as an incentive tied directly to environmental remediation, compliance with state law.

PURPOSE AND JUSTIFICATION:

This measure requests Town Council confirmation of Roy Landry's appointment to the Cultural Council in accordance with the Town Charter.

Mr. Landry is a North Attleborough resident and Director of Circle of Friends Montessori School. He has extensive experience in business planning and organizational development, along with a strong interest in supporting cultural initiatives within the community. After meeting with Cultural Council members and discussing the Council's mission and areas of impact, he has demonstrated both commitment and readiness to serve. His background and energy will strengthen the Council's ability to support local cultural programming and community engagement.

After a favorable interview, I am recommending the confirmation of Roy Landry as a member of the North Attleborough Cultural Council and respectfully request the Town Council confirm his appointment.

PURPOSE AND JUSTIFICATION:

The remaining balance in the Town-Wide Technology Plan account (31122271-585002) is \$34,427.58. The IT Department would like to use those funds to purchase Multi-Factor Authentication (MFA) software for FY26 (\$33,611.88). MFA software was previously funded via State and Federal Grants, but it is not the Town's responsibility to fund it going forward.

A proposal to amend Article V, Section 5-4(a) of the Town Charter to increase the membership of the Board of Health from three (3) members to five (5) members.

Signed: _____

Reason: I am the author of this document
Date: 2026.02.02 10:47:17 -05'00'

PURPOSE AND JUSTIFICATION:

This measure originates from a formal recommendation of the Board of Health, which has discussed and evaluated the need to increase its membership over an extended period. The Board and Health Department leadership have met, reviewed operational demands, and engaged with the Charter Review Committee to assess the appropriate process and authority required to implement this change.

The primary purpose of this amendment is to improve governance continuity and quorum reliability. With a three-member board, the absence or scheduling conflict of even one member significantly limits the Board's ability to conduct business. This creates operational challenges when addressing time-sensitive public health matters, regulatory decisions, or policy discussions. A five-member structure provides flexibility in achieving quorum, reduces the risk of meeting cancellations, and strengthens the Board's ability to deliberate effectively.

The complexity and volume of public health responsibilities have increased in recent years, requiring sustained oversight, regulatory review, and community engagement. Expanding membership allows for broader professional perspectives, improved workload distribution, and stronger institutional continuity.

This proposal does not change the authority, duties, or scope of the Board of Health. It solely adjusts board composition to better align with current operational realities and to support stable, consistent public health governance for the community.

The Charter Review Committee has previously identified this change as a reasonable governance adjustment for Council consideration. The measure now moves forward at the request of the Board of Health and Health Department leadership.

Approval of Charter Amendment – Approval to change “Write In Candidates” Requirements

Signed:

Digitally signed by Michael D. Borg

email=mborg@nattleboro.com, c=US
Reason: I am the author of this document
Date: 2026.02.02 14:37:43 -05'00'

PURPOSE AND JUSTIFICATION:

This measure proposes an amendment to the Town Charter of the North Attleborough to establish a minimum vote threshold for write-in candidates equal to the number of nomination signatures required for a candidate to appear on the ballot.

Under current practice, candidates seeking ballot placement must demonstrate a baseline level of community support through the collection and certification of nomination signatures. Write-in candidates, however, may be elected without meeting a comparable threshold. This amendment seeks to align the standards for ballot candidates and write-in candidates by requiring a write-in candidate to receive at least the number of votes equal to the signature requirement for that office in order to be declared elected.

The purpose of this amendment is to ensure:

- Consistency in candidate qualification standards — Both ballot candidates and write-in candidates must demonstrate a similar minimum level of voter support.
- Election integrity and legitimacy — Requiring a defined vote threshold helps ensure that individuals elected through write-in campaigns have demonstrated meaningful community backing rather than prevailing through extremely low vote totals in low-turnout or uncontested situations.
- Clarity and predictability in election outcomes — Establishing a clear standard reduces ambiguity in determining when a write-in result reflects a legitimate electoral mandate.
- Fairness to declared candidates — Candidates who comply with nomination procedures should not be held to a higher threshold of demonstrated support than write-in candidates.

----------------	----------------------------	---------------------------

PURPOSE AND JUSTIFICATION CONTINUED:

This concept has been raised and discussed with the Town's Election Commissioners to ensure it is administratively workable and consistent with local election procedures. Their involvement helps confirm that the proposal is operationally feasible and supports orderly election administration. This amendment does not eliminate or restrict the ability of voters to cast write-in votes. Instead, it preserves the availability of write-in candidacy while ensuring that the level of demonstrated voter support required to win office is comparable to that required to qualify for ballot access.

The proposed change is procedural in nature and intended to strengthen confidence in the Town's electoral process by balancing open access with reasonable qualification standards.

PURPOSE AND JUSTIFICATION:

The purpose of this measure is to formally designate the position of Resident Services Representative as Special Municipal Employee (SME) under Massachusetts General Laws Chapter 268A, Section 20. This designation provides appropriate flexibility under the conflict of interest law for the Resident Services Representative to also be employed in a part-time capacity in the Town as needed.

Designating this positions as Special Municipal Employee keeps the Town compliant with state ethics laws while also giving the individual greater flexibility to take on responsibilities across multiple departments, allowing the Town to make fuller use of an existing resource.
