MEASURE DESCRIPTION:

Procedure for Naming and Memorializing Bridges Streets, & other Public Areas in the Town of North Attleborough.

Signed: _____

 22 AUG 22**PURPOSE AND JUSTIFICATION:**

The purpose of this measure is to consider creating a bylaw that would establish the process and procedures by which a street, bridge, or other public area can be memorialized or dedicated by the Town through the Town Council. The intent of this bylaw is not to replace the process or procedure that exists in the Planning Board for subdivision street naming.

This bylaw would include the following:

1. Process by which an individual or entity can submit to the Town a street, bridge, or other public place a recommendation for memorialization or dedication.
2. Identification and notification of abutters must be identified for any road, street, way, or bridge.
3. The submitted recommendation would include a first choice name and a second choice name.
4. Recommended names and name changes must be submitted to Fire Department for written approval of the names chosen and their sign-off on the form.
5. Requesting party must contact all abutters to get their concurrence. Acceptance by a two-thirds majority of the abutters, as identified by the Assessor's Office, would be needed to proceed with the name change.
6. Determination of the appropriate fee involved with this request. Included in any dedication or name change is the cost of signage and installation related to such signage.

MEASURE DESCRIPTION: Procedure for Naming and Memorializing Bridges Streets, & other Public Areas in the Town of North Attleborough. Signed: _____
PURPOSE AND JUSTIFICATION: Continued: 7. Requesting party would submit the completed abutter sign-off forms, the name change form, and a certified list of abutters to the Town Council for consideration at time of the Town Council's choosing. The Town Council would schedule a public hearing for the requested name change and notify the applicant and the abutters. 8. Hold a public hearing on the proposed memorialization and/or road name change. 9. Town Council, by majority vote, makes an order to change the name of the road. The new name will be included in the measure. The Clerk of Council will then file a copy of this order with the Bristol County Registry of Deeds/Land Court. 10. Once approved, public safety will be notified of the name change. 11. Following the memorialization, name change approval, DPW will be directed to install the appropriate street signs specifying the new name at or near each point where the road joins another road or way. In the case of a private road, abutters pay for the sign, but the DPW can install it.
