TOWN COUNCIL MEASURE SUBMITTAL

Date: 04/24/2023	Submitted by: Town Manager	Telephone # 508-699-0100
------------------	----------------------------	--------------------------

MEASURE DESCRIPTION:

Procurement approval of the building and property located at 451 Elm Street for the purpose of creating a Regional Food Security Distribution Center and to relocate Lenore's Pantry from Town Hall to said property. Additional Town departments may be located at this building as deemed appropriate or necessary.

Signed:  24 APR 23

PURPOSE AND JUSTIFICATION:

Page 1 of 2

There are several strong justifications for the purchase of the Fisher College building located at 451 Elm Street based on its central location, affordability, size, and occupancy status. First, the property's central location in Town provides easy access to major transportation routes, including a GATRA bus route, making it convenient for residents, seniors, employees, vendors to access. The location itself is a standout in the community and will increase the visibility of the Town efforts, calling more attention to Town sponsored activities and events. Second, the property's affordability in comparison to the estimated renovation costs of the property at Allen Ave makes it a more attractive option. With 451 Elm Street, the Town can save money on renovation costs and can renovate 451 Elm Street within the allocated funds available to the Town through the Bristol County American Rescue Act Funds (ARPA). The renovation estimated for the Allen Avenue building is estimated to exceed \$5.2 million by up to \$2 million. Acquisition of 451 Elm Street allows the Town to save the additional costs of renovation that the Allen Ave would have cost. Third, the larger size of 451 Elm Street allows multiple departments to occupy the space, creating a more efficient use of the property. In addition to fulfilling our primary requirement to establish a Regional Food Distribution Center and the relocation of Lenore's Pantry, 451 Elm Street can house additional Town Departments. The potential to establish a one-stop location for Town Health and Human Services merits additional consideration. This can potentially improve collaboration and communication among team members and create a more cohesive work environment. Fourth, Scribble Time Day Care operates from the building currently.

MEASURE DESCRIPTION:

Procurement approval of the building and property located at 451 Elm Street for the purpose of creating a Regional Food Security Distribution Center and to relocate Lenore's Pantry from Town Hall to said property. Additional Town departments may be located at this building as deemed appropriate or necessary.

Signed: _____

PURPOSE AND JUSTIFICATION:

Page 2 of 2

The Town envisions and encourages that lease arrangement to continue going into the future. After closing, the Town would enter into a lease agreement with Scribble Time to continue their operations and generate revenue as a result. Finally, the fact that the property is ready to occupy the day after closing is a significant advantage and cost savings. Fisher is in the process of replacing the roof that includes a transferable 20-year warranty. Acquiring Fisher College eliminates the need for additional time and money to prepare the property for use and allows the Town to start operations almost immediately.

The purchase price of the building is \$2.3 million. Funding for the property acquisition is provided by North Attlenborough's \$5.2 million of ARPA. This would leave \$2.9 million for building renovations and upgrades to meet Town needs and code compliance. Upon signing the Purchase and Sale Agreement, the Town would deposit \$50,000 as earnest money. The funds are provided by the Non-Entitlement Unit (NEU) ARPA funds received previously by the Town. Additionally, the Town would allocate an additional \$50,000 of NEU ARPA funds to conduct the due diligence investigations and inspections of 451 Elm Street, North Attleborough, MA.

Overall, these factors make a strong case for the Town to purchase 451 Elm Street.

MEASURE DESCRIPTION:

Procedure for Naming and Memorializing Bridges Streets, & other Public Areas in the Town of North Attleborough.

Signed:  22 AUG 22

PURPOSE AND JUSTIFICATION:

The purpose of this measure is to consider creating a bylaw that would establish the process and procedures by which a street, bridge, or other public area can be memorialized or dedicated by the Town through the Town Council. The intent of this bylaw is not to replace the process or procedure that exists in the Planning Board for subdivision street naming.

This bylaw would include the following:

1. Process by which an individual or entity can submit to the Town a street, bridge, or other public place a recommendation for memorialization or dedication.
2. Identification and notification of abutters must be identified for any road, street, way, or bridge.
3. The submitted recommendation would include a first choice name and a second choice name.
4. Recommended names and name changes must be submitted to Fire Department for written approval of the names chosen and their sign-off on the form.
5. Requesting party must contact all abutters to get their concurrence. Acceptance by a two-thirds majority of the abutters, as identified by the Assessor's Office, would be needed to proceed with the name change.
6. Determination of the appropriate fee involved with this request. Included in any dedication or name change is the cost of signage and installation related to such signage.

--------------	-----------	----------------------	---------------------------	--------------------	--------------

MEASURE DESCRIPTION: Procedure for Naming and Memorializing Bridges Streets, & other Public Areas in the Town of North Attleborough. Signed: _____
PURPOSE AND JUSTIFICATION: Continued: 7. Requesting party would submit the completed abutter sign-off forms, the name change form, and a certified list of abutters to the Town Council for consideration at time of the Town Council's choosing. The Town Council would schedule a public hearing for the requested name change and notify the applicant and the abutters. 8. Hold a public hearing on the proposed memorialization and/or road name change. 9. Town Council, by majority vote, makes an order to change the name of the road. The new name will be included in the measure. The Clerk of Council will then file a copy of this order with the Bristol County Registry of Deeds/Land Court. 10. Once approved, public safety will be notified of the name change. 11. Following the memorialization, name change approval, DPW will be directed to install the appropriate street signs specifying the new name at or near each point where the road joins another road or way. In the case of a private road, abutters pay for the sign, but the DPW can install it.

TOWN COUNCIL MEASURE SUBMITTAL

Date:	5/1/2023	Submitted by:	Town Manager Chief Christopher Coleman	Telephone #	508-699-0100
-------	----------	---------------	--	-------------	--------------

MEASURE DESCRIPTION:

Authorize the transfer of \$65,000 from the ambulance receipt reserve account to the ambulance budget for the fire department to augment the ambulance overtime for daily staffing.

Signed:  03 MAY 23

PURPOSE AND JUSTIFICATION:

This transfer is needed to augment the overtime budget through the end of the Fiscal Year. We are currently in a trial period of non-cross staffing station 2 which has increased the overtime costs in addition to a long term military leave and injured on duty status for a firefighter. I have conducted a review of the entire budget and have listed funds that can be used however, additional funds are still needed.

The following are estimates for remaining funds available:

Salary: \$4000.00

Remaining EMT Recertification Overtime: \$5000.00

Remaining Paramedic Recertification Overtime: \$10,000

Current Remaining Overtime: \$5884.00

Total Available: \$24,884.00

Average overtime expenditure each payroll: $\$13,000 \times 5 \text{ pay periods} = \$65,000.00$

The \$65,000 is estimated on the high side as we do have a firefighter out long term with an on the job shoulder injury which has an impact on the overtime budget. In the event the full \$65,000 is not needed it will be returned to the ambulance receipt reserve account.

03-JAN-23

Chief Coleman,

Please accept the following information as the comparative EMS response volume for the Department covering the years 2017-2022.

The data reveals an on average increase of 7.79 % per year over the last five years. Also notable is an increase of 21.5% total call volume over the last two years alone.

The population of North Attleboro was reported to be 30,834 as of the April 1, 2020 US Census. As of the 2010 US Census, North Attleboro had a reported population of 28,712 residents resulting in a 7.39 percent increase over that 10-year span. Our community currently includes 15.1% of the population being of age 65 or older. The trending data reveals our community is expanding not only by simple population numbers, but also by population density and age. Emergency Medical Services in the Town of North Attleboro will certainly be in increasing demand over the coming years.

North Attleboro Fire Department Call Volume Data

The North Attleboro Fire Department has seen a significant increase in overall call volume and Emergency Medical Calls for Service. A call volume comparison was conducted, and we found that from 2021-2022 there was a 7% increase in overall call volume. Additionally, we looked at a comparison from 2016-2022 and found that our call volume has increased by 36%. As 66% of our calls for service are Emergency Medical Services in nature, we have seen an average increase of 7.79% increase over the last five (5) years and an astonishing 21.5% increase in the last two years alone where a resident or visitor needs medical attention and transport to a local hospital.

There are several drivers to this increase:

1. Increased population, density, and age
2. New residential neighborhoods
3. New Commercial buildings
4. New Growth including 21 East Street
5. Hotels
6. Urgent Care
7. Nursing Home
8. Assisted Living
9. 30 apartment buildings which were non-compliant with fire alarm systems and have installed systems creating more fire alarm activations for various reasons.
10. 15.1% of our population is 65 years of age or older
11. Increased mutual aid responses as all area departments are seeing an increased call volume.

Call Volume Comparison 2016-2022

Total Calls for Service:

2016: 3949
 2017: 3881
 2018: 4459
 2019: 4350
 2020: 4545
 2021: 5019
 2022: 5372

EMS response data

North Attleboro Fire Department Total EMS Responses by Year

2017: 2557
 2018: 2817
 2019: 2784
 2020: 2923
 2021: 3363
 2022: 3553

Engine 2 Cross Staffing vs Non-Cross Staffing

Engine 2 Cross Staffing vs Non-Cross Staffing
6-Month Evaluation

Non-Cross Staffing begun July 5, 2022, and was evaluated until December 31, 2022
 2018: 111 calls for service. Station Cross Staffed with an ambulance.
 2019: 143 calls for service. Station Cross Staffed with an ambulance.
 2020: 165 calls for service. Station Cross Staffed with an ambulance.
 2021: 169 calls for service. Station Cross Staffed with an ambulance
 2022: **350 calls for service**. Station *was not* cross staffed and had 2 firefighters there
 24 hours a day. This was beneficial as the ambulance calls have increased this station was still
 staffed to handle additional calls and multiple simultaneous calls without using mutual aid.
 This is a 107% increase from 2021 during cross staffing.

Mutual Aid Given:

2021: 229

2022: 224

Mutual Aid Received:

2021: 186

2022: 167

In closing, maintaining 13 firefighters on duty daily is crucial to our daily department operations, and safety of our residents and firefighters our call volume has increased exponentially over the last 7 years and is only predicted to increase with future developments such as the Kelley Blvd 40R project, 162,000 sq. foot warehouse and the potential for housing or re-development of the Emerald Sq. Mall. With our current staffing and the non-cross staffing model we have been able to capture multiple simultaneous calls for service and not rely on mutual aid as compared to 2021.

Christopher M. Coleman
Chief of Department
