Town of North Attleboro

Dear Hiring Manager,

I am writing to express my strong interest in the Animal Control Officer position with the town of North Attleboro. Besides my extensive law enforcement experience and I have always had a passion for animal welfare, I believe I would be an asset to your organization and town.

Having served as a Police Officer for the City of East Providence for twenty years, I have developed a solid foundation in enforcing laws and regulations, conducting investigations, and ensuring public safety. Throughout my career, I have demonstrated exceptional leadership skills as a Lieutenant, Sergeant, Detective, and Inspector, overseeing operations, supervising personnel, and managing critical incidents. Although I do not yet meet all the requirements set forth in your job description, I believe I could quickly obtain the required certifications.

Authorization for the procurement of a DPW 6-Wheel Dump Truck with FY24 Free Cash

PURPOSE AND JUSTIFICATION:

Purpose:

The purpose of this measure is to secure authorization for the payment of the Department of Public Works (DPW) 6-Wheel Dump Truck project using Fiscal Year 2024 (FY24) Free Cash. This project was previously approved for borrowing, but due to available funds, it is now proposed to be financed directly with FY24 Free Cash, thus eliminating the need for borrowing.

Justification:

The justification for this measure arises from the underutilization of the allocated Free Cash for snow and ice removal in the current fiscal year. This under-expenditure has resulted in surplus funds, providing a unique opportunity to fund essential municipal projects without incurring additional debt. By authorizing the use of FY24 Free Cash for the procurement of the \$350,000 DPW 6-Wheel Dump Truck, the Town can efficiently allocate resources, enhance municipal services, and maintain fiscal responsibility by reducing reliance on borrowed funds. This approach not only streamlines the funding process but also expedites the acquisition of critical equipment needed for town operations.

Appropriation request for use of FY'24 retained earnings from Comcast PEG Access in the amount of \$34,499.28 for North TV Production Van refurbishment.

PURPOSE AND JUSTIFICATION:

Each year, the Town receives funds from Comcast for the funding of North TV capital improvement projects aimed at enhancing PEG access. The North TV Production Van refurbishment project meets this criteria.

The North TV Production Van is an 18-year-old, low mileage, vehicle that needs immediate repairs. North TV thinks that refurbishment of the vehicle is in the best interest of the Town because procurement of a new production van would exceed \$100,000.

North TV requests funds to effect the following repairs to the production van:

- Auto body repair and painting: \$8,224.67
- Automobile lettering: \$1,205.11
- BPix Truck Upgrade w/BP Fusion: \$25,069.50

Total Project Cost: \$34,499.28

I request that the Town Council approve the request for the use of FY'24 retained earnings for the Comcast PEG Access for the North TV Production Van refurbishment in the amount of \$34,499.28.

PURPOSE AND JUSTIFICATION CONTINUED:

Mike,

As you know, the North TV production van is 18-years-old with less than 16,000 miles. The engine is fine but the body shows some rusting due to being outside all year. We've had issues with water leaking, so we need to get it repaired.

It's important to note replacing the van with a new one would cost \$100,000 or more since it would need inside customization for the television equipment and controls.

The information on repairing the body work and updating the seven-year-old computer (Broadcast Pix unit) that operates the cameras, graphics, slow motion machines, etc. is attached.

We could only find one body shop that works on body rot. K & D Auto Body gave us a quote of \$8,224.67 (including sales tax – we have a tax exempt number, but I assume the bill would have to be addressed to the town). This includes all of the work on the corrosive areas, removing all of the decals and lettering, and a complete repainting.

Signs By Tomorrow did the decals and lettering in the past and still has all of the graphics in their digital files. Their quote was \$1,205.11.

We tried to get three quotes for the Broadcast Pix unit. As you'll see, G & G Technologies would not give us a quote. Ockers Company gave a quote of \$25,069.50. The quote from Valley Communications Systems was \$27,118.76.

My recommendation is using Ockers for the Broadcast Pix unit, Signs By Tomorrow for the graphics and K & D Auto Body for the body work and painting.

I will be in Florida with my family next week (April 13 through 20) but will be checking my email while waiting in the many lines at Walt Disney World. I should be able to respond within the hour.

Thanks!
