

Measure #: 2025-109

TOWN COUNCIL MEASURE SUBMITTAL

Date: 6/23/2025 Submitted By: Town Manager Telephone #: 508-699-0100

MEASURE DESCRIPTION:

Approval of Transfer of Funds from FY25 Free Cash to OPEB in the amount of \$750,000.00

Signed:  18 JUN 25

PURPOSE AND JUSTIFICATION:

At the November 13, 2025 Town Council Meeting, Measure 2025-014- Adoption of a Municipal Other Post-Employment Benefits (OPEB) Funding Policy.AMENDED was approved.

Measure 2025-014- "This measure establishes the Town of North Attleborough's official policy for funding Other Post Employment Benefits (OPEB) obligations, including retiree health insurance and other non-pension benefits. The purpose of the policy is to ensure the Town maintains a fiscally responsible approach to fulfilling its long-term OPEB liabilities while safeguarding the Town's creditworthiness and financial stability.

The policy outlines the creation and maintenance of an OPEB funding policy that systematically sets aside funds to meet these future obligations. By adopting this measure, the Town Council is taking proactive steps to mitigate the financial burden of OPEB on future taxpayers, avoid large unfunded liabilities, and promote sustainable budgeting practices for years to come."

The Town of North Attleborough is committed to responsibly managing its Other Post Employment Benefits (OPEB) liability to ensure the financial sustainability of retired employee benefits while maintaining a predictable budget impact. This policy outlines a structured, three-tiered funding approach to meet the Town's OPEB obligations.

Therefore, I request the Town Council's approval to transfer \$750,000.00 of FY25 Free Cash to the Other Post-Employment Benefits (OPEB) Fund.

FROM: Town Manager Michael Borg *Muy 15 NOV 24*
CC: Town Accountant Linda Catanzariti
Town Treasurer/Collector Chris Sweet
RE: **Measure 2025-014- Adoption of a Municipal Other Post-Employment Benefits (OPEB) Funding Policy. AMENDED.**

Town Council Meeting- President Justin Paré
Measure 2025-014- Adoption of a Municipal Other Post-Employment Benefits (OPEB) Funding Policy. AMENDED.

Purpose and Justification:

This measure establishes the Town of North Attleborough's official policy for funding Other Post Employment Benefits (OPEB) obligations, including retiree health insurance and other non-pension benefits. The purpose of the policy is to ensure the Town maintains a fiscally responsible approach to fulfilling its long-term OPEB liabilities while safeguarding the Town's creditworthiness and financial stability.

The policy outlines the creation and maintenance of an OPEB funding policy that systematically sets aside funds to meet these future obligations. By adopting this measure, the Town Council is taking proactive steps to mitigate the financial burden of OPEB on future taxpayers, avoid large unfunded liabilities, and promote sustainable budgeting practices for years to come.

The Town Council met on September 23, 2024, and on behalf of the Town Council, a motion was made by Vice-President Simmons to refer Measure 2025-014- Adoption of a Municipal Other Post-Employment Benefits (OPEB) Funding Policy to the Finance Sub-Committee for further review and consideration.

Councilor Costello seconded the motion.

Motion carried 5-0.

The Finance Sub-Committee met on October 2, 2024, and on behalf of the Committee, this measure was continued where there would be further discussion on this topic.

The Finance Sub-Committee met on November 6, 2024, and on behalf of the Committee, a motion was made by Councilor Donovan to refer Measure 2025-014- Adoption of a Municipal Other Post-Employment Benefits (OPEB) Funding Policy as AMENDED back to the Full Town Council with a favorable recommendation.

Councilor Costello seconded the motion.

Motion carried 6-0. UNANIMOUS.

The Town Council met on November 13, 2024, and on behalf of the Town Council, a motion was made by Vice-President Simmons to approve Measure 2025-014- Adoption of a Municipal Other Post-Employment Benefits (OPEB) Funding Policy as AMENDED.

The motion was seconded by Councilor Slobogan.

Motion carried. 8-0 UNANIMOUS

PURPOSE AND JUSTIFICATION:
 Purpose and Justification:

This measure establishes the Town of North Attleborough’s official policy for funding Other Post Employment Benefits (OPEB) obligations, including retiree health insurance and other non-pension benefits. The purpose of the policy is to ensure the Town maintains a fiscally responsible approach to fulfilling its long-term OPEB liabilities while safeguarding the Town’s creditworthiness and financial stability.

The policy outlines the creation and maintenance of an OPEB funding policy that systematically sets aside funds to meet these future obligations. By adopting this measure, the Town Council is taking proactive steps to mitigate the financial burden of OPEB on future taxpayers, avoid large unfunded liabilities, and promote sustainable budgeting practices for years to come.

SPECIAL REQUIREMENTS:

ATTACHMENTS: Proposed Town Council Other Post Employment Benefits (OPEB) Funding Policy

REFER TO SUB-COMMITTEE: Finance Sub-Committee

Town of North Attleborough Other Post Employment Benefits (OPEB) Funding Policy

The North Attleborough OPEB Funding Policy is based on a 3 Tier approach:

Tier 1 – Annually, the General Fund Operating Budget will include a line item of \$500,000.00 to be transferred to the OPEB Trust Fund. This fixed contribution, currently representing approximately 0.75% of general government annual salaries, is a baseline for addressing OPEB obligations while providing predictability within the annual budget.

Tier 1 (Alternate 1) - Add an annual increase of to 2.5% year over year to the line amount matching Prop 2 ½. To add flexibility to this alternative, the Town Council could vote on this measure at some time prior to presentation of the final budget to the Town Council.

Tier 2 – Free Cash Allocation (with conditions)

Once Free Cash is certified by the Commonwealth, **25% of Free Cash** above **\$1.5 million** shall be transferred to the OPEB Trust Fund, subject to the following stipulations:

- **Reserve Stabilization Threshold:**
 - If the Town’s Reserve Stabilization Fund is **below 5%** of the total annual budget, no additional contribution beyond Tier 1 will be made until reserves meet the 5% threshold.
 - Once the Reserve Stabilization Fund is **above 5%**, the Tier 2 contribution will resume, ensuring that reserves are sufficiently maintained.
- **Snow and Ice Deficit Coverage:**
 - If the Town incurs a **deficit in snow and ice expenditures**, funds will first be allocated to cover the deficit before any Free Cash is directed toward OPEB. This guarantees critical operational needs are prioritized.
- **OPEB Funding Payment from Free Cash**
 - Any Free Cash payment to the OPEB Trust Fund will be made in June of each year provided funds are available

Tier 2 (Alternate 2) - Keep all guardrails in place subject to a Town Council vote including a vote to determine the percentage of contribution above the establish threshold. Essentially, maintain all Tier 2 initiatives but make them subject to a Town Council Vote to establish the thresholds and contributions for the coming fiscal year.

Tier 3 – Once the Town’s Pension Liability is fully funded (expected 2034), then the annual Town contribution (in a range of \$3,000,000 to \$4,000,000, annually) shall be transferred to the OPEB Trust Fund until such time as the Town’s OPEB Liability is fully funded.

The Town’s “Enterprise accounts” (Water, Sewer, and Solid Waste [note that Electric has its own OPEB Trust Fund per the general laws]) shall evaluate and contribute annually to the collective Town OPEB Trust Fund utilizing their respective Retained Earnings funds

Town of North Attleborough Other Post Employment Benefits (OPEB) Funding Policy

Purpose:

The Town of North Attleborough is committed to responsibly managing its Other Post Employment Benefits (OPEB) liability to ensure the financial sustainability of retired employee benefits while maintaining a predictable budget impact. This policy outlines a structured, three-tiered funding approach to meet the Town's OPEB obligations.

OPEB Funding Tiers

Tier 1: Annual Operating Budget Contribution

- The General Fund Operating Budget shall include an annual contribution of \$500,000 to the OPEB Trust Fund.
- This fixed amount, approximately 0.75% of current general government annual salaries, serves as the baseline funding level, promoting fiscal predictability and demonstrating a commitment to addressing our OPEB liability.
- **Town Council Initiative:** An annual increase of up to 2.5% may be added to this line item, subject to a Town Council vote, before the final budget is presented, allowing for adjustments in line with Prop 2 ½.

Tier 2: Free Cash Allocation

- **Conditions for Contribution:** Following the certification of Free Cash by the Commonwealth, 25% of Free Cash exceeding \$1.5 million shall be allocated to the OPEB Trust Fund, subject to two stipulations:
 - **Reserve Stabilization Threshold:** No contributions beyond Tier 1 will occur if the Town's Reserve Stabilization Fund is below 5% of the total annual budget. Once the fund exceeds this 5% threshold, Tier 2 contributions to the OPEB Trust Fund may occur.
 - **Snow and Ice Deficit Coverage:** If a deficit in snow and ice expenditures exists, funds will first cover this deficit before Free Cash is directed toward OPEB, ensuring critical operational requirements are met.
- **Timing of Payments:** Any contributions to the OPEB Trust Fund from Free Cash will be made in June, provided funds are available.
- **Town Council Initiative:** Maintain Tier 2 guidelines, but are all, or selected items, are subject to an annual Town Council vote. The Council may determine the

percentage of Free Cash contribution above the established threshold, ensuring flexibility in funding allocations each fiscal year.

Tier 3: Future Pension Contribution Reallocation

- Upon the full funding of the Town's Pension Liability (projected for 2034), annual pension contributions (estimated at \$3 million to \$4 million) will be redirected to the OPEB Trust Fund. This allocation will continue until the Town's OPEB Liability is fully funded.

Enterprise Account Contributions

- Enterprise accounts (Water, Sewer, and Solid Waste) are encouraged to evaluate their financial positions and contribute annually to the OPEB Trust Fund through their respective Retained Earnings. *Note:* The Town's Electric Department operates an independent OPEB Trust Fund, per statutory requirements.

Personal and Confidential

Mr. Christopher Sweet
Treasurer
Town of North Attleborough
43 S. Washington Street
North Attleboro, MA 02760

Dear Mr. Sweet:

We have performed an actuarial valuation of the Town of North Attleborough Other Postemployment Benefits Plan for the Reporting Date & Fiscal Year Ending June 30, 2023 with a Measurement Date of June 30, 2023 and a Valuation Date of July 1, 2021. The figures presented in this report reflect the adoption, by the Town of North Attleborough, of Statement Nos. 74 and 75 of the Governmental Accounting Standards Board ("GASB 74/75").

The financial results of the actuarial valuation are summarized in the report. The Executive Summaries highlight the results of the valuation. Additional information summarizing census data, actuarial assumptions, claim rates and the methodology for developing them, as well as a glossary of selected terms used in this study, is also included in the report.

All costs, liabilities and other factors under the plan were determined in accordance with generally accepted actuarial principles and procedures. In our opinion, the actuarial assumptions used are reasonable, reflecting the experience of the plan and reasonable expectations and, in combination, represent our best estimate of the anticipated experience under the plan.

We will be pleased to answer any questions that you may have regarding this actuarial valuation report.

Very truly yours,

ACTUARIAL CERTIFICATION

This is to certify that Odyssey Advisors has conducted an actuarial valuation of certain benefit obligations of the Town of North Attleborough other postemployment benefit programs with a Valuation Date of July 1, 2021 with a Measurement Date of June 30, 2023 for the Reporting Date & Fiscal Year Ending June 30, 2023 in accordance with Government Account Standards Board Statement No. 74 & 75 and Actuarial Standards of Practice as issued by the American Academy of Actuaries. The actuarial calculations presented in this report have been made on a basis consistent with our understanding of GASB Statements Numbers 74 & 75 for the determination of the liability for postemployment benefits other than pensions.

The actuarial data is based on the plan benefits verified by the Town and on participant claims or premium data provided by the Town and/or vendors employed by the Town.

The actuarial computations made are for purposes of fulfilling plan accounting requirements. Determinations for purposes other than meeting financial accounting requirements may yield results significantly different than those reported here. As such, additional determinations may be needed for other purposes including determining the benefit security at termination and/or adequacy of the funding of an ongoing plan.

To the best of our knowledge, this report is complete and accurate and in our opinion represents the information necessary to comply with GASB Statements Number 74 and 75 with respect to the benefit obligations addressed. The signing actuaries are members of the Society of Actuaries, the American Academy of Actuaries and other professional actuarial organizations and meet their "General Qualification Standards for Statements of Actuarial Opinion" to render the actuarial opinion contained herein. Further, in our opinion, the assumptions as approved by the Town are reasonably related to the experience and expectations of the postemployment benefits programs.

A handwritten signature in black ink, appearing to read 'P. Elmore', written over a light blue horizontal line.

Parker E. Elmore, ASA, EA, FCA, MAAA
President, CEO & Actuary

EXECUTIVE SUMMARY

How did plan liabilities change from FY 22 to FY 23?

Plan Experience

For the year ending on the Measurement Date of June 30, 2023, there was no plan experience because this was an interim valuation.

Assumption Changes

One key assumption has changed since the prior valuation. The impact of this assumption change decreased disclosed liabilities by approximately \$3.6 million, as detailed below.

- ✓ Due to the GASB 75 standards the discount rate has been changed from 5.74% to 5.92% decreasing the disclosed liability by approximately \$3.6 million.

It is important to remember that actuarial assumptions or changes in such do not impact the actual cost of the Plan. Rather, they impact the timing of the recognition of such costs.

Investment Experience

- ✓ During the period investments earned approximately \$170 thousand more than expected.

Changes in Benefit Terms

- ✓ To the best of our knowledge there have been no material changes in benefit terms that would impact the figures shown in this report.

EXECUTIVE SUMMARY

Recognition Period

- ✓ Changes in assumptions & plan experience are amortized into the net OPEB expense over 5.93 years.
- ✓ Differences between projected & actual earnings on OPEB plan investments are amortized into the net OPEB expense over 5.00 years
- ✓ Changes in benefit terms are to be recognized in full immediately

Events Subsequent to the Measurement Date

To the best of our knowledge there were no material events subsequent to the Measurement Date that would impact the figures shown in this report.

Key Drivers of Plan Liabilities

Several key drivers of plan costs and liabilities are:

- ✓ Premiums for Post 65 (Medicare supplement) plans – represent 73.45% of the total plan liabilities
- ✓ Age at which plan participants retire
- ✓ Percentage of plan participants who elect coverage for themselves and/or a spouse
- ✓ Medical care cost inflation rate – We currently assume medical costs increase according to the Getzen Model of Long-Run Medical Cost Trends for Active and Medicare supplement plans, which includes an assumed 9.00% increase in fiscal year 2023 and an ultimate trend rate of 3.63% in fiscal year 2060.
- ✓ Discount Rate (5.92%) – Higher discount rates yield lower liabilities and vice versa
- ✓ Cost Sharing – Under Massachusetts law you may charge retirees up to 50% of premiums for health insurance

Discount Rate Determinants

- ✓ Employer Current and Future Benefit Payments
- ✓ Municipal Bond Rate – The S&P 20-year high grade municipal bond index was 4.13% as of June 30, 2023.
- ✓ Current Asset Level – The Town had \$6,650,215 of OPEB assets as of June 30, 2023.
- ✓ Future Funding Policy – The Town contributed \$884,284 in Fiscal 2023. This amount will increase according to the Town's funding policy statement until their pension system is fully funded at which point the Town will reallocate the funds used to pay its pension amortization towards OPEB.
- ✓ Investment Policy – The Town is expected to earn 6.23% per year on assets based on its investment policy.

EXECUTIVE SUMMARY

Low Default Risk Obligation Measure (LDRM)

For purposes of this LDRM, we have used a discount rate of 4.13% which represents the 20-year municipal bond index while keeping all other assumptions unchanged from the GASB 74/75 disclosures. Based on this, the LDRM Total OPEB Liability is \$201.6 million vs. the \$156.2 million under the GASB 74/75 measure - the reflection of the Town's funding and OPEB Trust Investment policy reduced disclosed liabilities by approximately \$45 million. Please note that the ultimate cost of the plan is the actual benefits paid plus expenses and any changes in assumptions, including discount rate, do not impact the actual cost of the plan.

Medicare Buy-In

The Town currently has 27 retirees or covered spouses who are over the age of 65 and are enrolled in Active medical plans rather than Medicare Supplement (Senior) plans. Under Actuarial Standards of Practice for OPEB, we are required to reflect the projected higher healthcare costs that occur as retirees age.

Recently, some of our clients have seen substantial cost savings by “buying into” Medicare for retirees who would otherwise be ineligible. To buy into Medicare the Town would need to pay the Medicare Part A premium and the Medicare Part A and B penalties. While the cost to buy into Medicare is significant, it is likely still far less than the cost of the claims that the associated retirees are expected to incur. You may wish to review their Medicare eligibility to see if they are already eligible for Medicare or if a “buy-in” is appropriate as this could yield a reduction in your OPEB annual costs and disclosed liabilities. If you are in this situation, we encourage you to talk to your healthcare consultant to see if this might be viable.

EXECUTIVE SUMMARY

Key Plan Metrics

While an actuarial valuation under GASB 74/75 can be very complex with many variables, we find it helpful to look at several key metrics (shown below) to better allow you to manage your plan.

Representative Plan Statistics		
Valuation Date	July 1, 2021	July 1, 2021
Measurement Date & Period Ending	June 30, 2023	June 30, 2022
Reporting Date/Fiscal Year End	June 30, 2023	June 30, 2022
Total OPEB Liability	156,188,003	153,808,252
Per Eligible Active Plan Participant	81,264	82,717
Per Retiree/Spouse Plan Participant	106,779	102,166
Total Annual Service Cost (Annual Benefit Accrual)	3,183,441	4,391,128
Per Eligible Active Plan Participant	3,618	4,990
Expected Employer Share of Retiree Costs	6,034,108	6,103,903
Per Retiree/Spouse Plan Participant	7,609	7,697
Net OPEB Liability as a % of Covered Payroll	246.99%	252.75%

EXECUTIVE SUMMARY

Liabilities & Benefit Payments in Today's Dollars

With the growth of medical care costs over time, the nominal accrued liabilities ("TOL") and benefit payments can appear daunting. However, it is important to remember that a dollar paid in the future is worth less than a dollar paid today.

For the Period Ending on the Measurement Date of:	Number of Retirees, Spouses, & Surviving Spouses	Total OPEB Liability	Present Value at 3.00% of Total OPEB Liability	Employer Share of Premiums/Claims Including "Implicit Cost"	Present Value at 3.00% of Employer Share of Premiums / Claims Including "Implicit Cost"
June 30, 2023	846	156,188,003	151,638,838	6,034,108	5,858,357
June 30, 2028	904	182,658,873	152,973,930	8,248,152	6,907,697
June 30, 2033	935	210,186,951	151,843,525	10,255,080	7,408,488
June 30, 2038	922	239,517,557	149,259,423	12,030,831	7,497,216
June 30, 2043	881	272,544,728	146,506,221	13,642,311	7,333,414
June 30, 2048	844	312,034,943	144,688,958	15,849,971	7,349,548
June 30, 2053	818	360,523,737	144,204,860	17,719,649	7,087,632

EXECUTIVE SUMMARY

Continuing OPEB Disclosures

In addition to pension benefits, municipal entities may provide retired employees with healthcare and life insurance benefits. The portion of the cost of such benefit paid by these entities is generally provided on a pay-as-you-go basis.

The pay-as-you-go costs to the Town for such benefits for the most recent years is as follows:

<u>Fiscal Year Ending</u>	<u>Cost</u>
June 30, 2024 (Projected)	6,532,276
June 30, 2023	6,034,108
June 30, 2022	6,103,903
June 30, 2021	5,671,413
June 30, 2020	5,214,055
June 30, 2019	4,192,259

The Town performs actuarial valuations of its non-pension post-employment benefits liability in accordance with GASB reporting requirements. As of the June 30, 2023 Measurement Date the Net OPEB Liability ("NOL") was determined to be \$149,537,788 assuming a discount rate of 5.92%. The Town has established an OPEB Trust and plans to fund this liability. The Town contributed \$884,284 in Fiscal 2023. This amount will increase according to the Town's funding policy statement until their pension system is fully funded at which point the Town will reallocate the funds used to pay its pension amortization towards OPEB. The balance of this fund as of June 30, 2023 was \$6,650,215. See the Town's audit reports for additional information.

FINANCIAL STATEMENT DISCLOSURES

(As of the June 30, 2023 Measurement Date)

The GASB Standards for accounting and financial reporting for postemployment benefits other than pensions require the following disclosures in the financial statements:

1. OPEB Expense Development

Components of the Town's OPEB Expenses for the Fiscal Year Ending June 30, 2023	
Description	Amount
I. Service Cost	3,183,441
II. Interest on Total OPEB Liability (Asset), Service Cost, and Benefit Payments	8,840,561
III. Deferred (Inflows)/Outflows from Plan Experience*	(4,430,781)
IV. Deferred (Inflows)/Outflows from Changes of Assumptions*	7,913,835
V. Projected Earnings on OPEB Plan Investments	(351,634)
VI. Deferred (Inflows)/Outflows from Earnings on Plan Investments**	259,236
VII. OPEB Plan Administrative Expense	0
VIII. Other Changes in Fiduciary Net Position	0
IX. Financial Statement Expense/(Income) Prior to Plan Design Changes [I. + II.+ ... + VII. + VIII.]	15,414,658
X. Expense Related to Change in Benefit Terms***	0
XI. Financial Statement Expense/(Income) [IX. + X.]	15,414,658

* Amortized over 5.93 years

** Amortized over 5.00 years

*** Recognized Immediately

3. Changes in Net OPEB Expense (Continued)

Annual Amortization of Deferred (Inflows) & Outflows		
The balance of deferred (inflows) & outflows as of the Reporting Date of June 30, 2023 will be recognized in future years as shown below.		
	Year ending June 30:	
	2024	1,039,426
	2025	165,139
	2026	(1,237,531)
	2027	(3,672,133)
	2028	(566,178)
	Thereafter	0

4. Discount Rate

The discount rate used to measure the Total OPEB liability was 5.92% as of June 30, 2023 and 5.74% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions will be made in accordance with the Town’s funding policy. Based on these assumptions, the OPEB Plan’s Fiduciary Net Position is projected to be insufficient to make all projected benefit payments to current plan members. Therefore, the long-term expected rate of return on the OPEB Plan assets is applied to the projected benefits payments which the Fiduciary Net Position is expected to be sufficient to cover and the Municipal Bond Rate is applied thereafter. The Municipal Bond Rate is based on the S&P Municipal Bond 20 – Year High Grade Index ("SAPIHG"), which was 4.13% as of June 30, 2023. The S&P Municipal Bond 20 - Year High Grade Index is the index rate for 20 – Year, tax exempt general obligation municipal bonds with an average rate of AA/Aa or higher.

FINANCIAL STATEMENT DISCLOSURES
(As of the June 30, 2023 Measurement Date)

5. Funding Policy

The contribution requirements of plan members and the Town are established and may be amended through Town ordinances. For the period ending on the June 30, 2023 Measurement Date, total Town premiums plus implicit costs for the retiree medical program were \$6,034,108. The Town also contributed \$884,284 to an OPEB Trust for a total contribution during the measurement period of \$6,918,392 to be reported on the financial statement for the fiscal year ending June 30, 2023.

6. Investment Policy

The chart below shows how the long-term rate of return on assets is developed based on the Town's Investment Policy.

Investment Target Allocation & Expected Long-Term Real Rate of Return			
Asset Class	Target Allocation	Asset Class	Long-Term Expected Real Rate of Return*
Domestic Equity - Large Cap	26.50%	Domestic Equity - Large Cap	4.10%
Domestic Equity - Small/Mid Cap	15.50%	Domestic Equity - Small/Mid Cap	4.55%
International Equity - Developed Market	13.75%	International Equity - Developed Market	4.64%
International Equity - Emerging Market	8.50%	International Equity - Emerging Market	5.45%
Domestic Fixed Income	17.50%	Domestic Fixed Income	1.05%
International Fixed Income	3.50%	International Fixed Income	0.96%
Alternatives	11.00%	Alternatives	5.95%
Real Estate	3.50%	Real Estate	6.25%
Cash	0.25%	Cash	0.00%
Total	<u>100.00%</u>		
		I. Real Rate of Return	<u>3.98%</u>
		II. Inflation Assumption	2.50%
		III. Total Nominal Return [I. + II.]	6.48%
		IV. Investment Expense	0.25%
		V. Net Investment Return* [III.-IV.]	<u>6.23%</u>

* Mean Geometric Returns based on 2022 Horizon Survey of Capital Market Assumptions

REQUIRED SUPPLEMENTARY INFORMATION

(As of the June 30, 2023 Measurement Date)

The Town's Actuarially Determined Contribution (ADC) is an amount actuarially determined in accordance with the parameters of GASB Statement No. 74/75 which is composed of the service cost and an amortization of the unfunded liability. For FY 2023 and future years we have used a 30-year amortization increasing by 3.00% per year of the Town's unfunded liability for the purpose of calculating ADC. The following table shows the components of the Town's annual ADC and the amount actually contributed to the plan:

Actuarially Determined Contribution - Deficiency / (Excess)					
For the Fiscal Year Ending:	<u>June 30, 2023</u>	<u>June 30, 2022</u>	<u>June 30, 2021</u>	<u>June 30, 2020</u>	<u>June 30, 2019</u>
I. Service Cost	3,183,441	4,391,128	3,472,561	3,297,628	3,566,214
II. 30 Year Amortization of NOL Increasing by 3.00% per year	<u>7,261,580</u>	<u>7,062,793</u>	<u>6,804,055</u>	<u>9,231,934</u>	<u>8,057,202</u>

REQUIRED SUPPLEMENTARY INFORMATION

(As of the June 30, 2023 Measurement Date)

Notes to Required Supplementary Information:

Valuation Date:	Actuarially Determined Contribution was calculated as of July 1, 2021.
Actuarial Cost Method:	Individual Entry Age Normal
Asset-Valuation Method:	Market Value of Assets as of the Measurement Date, June 30, 2023.

Actuarial Assumptions:

Investment Rate of Return:	6.23%, net of OPEB plan investment expense, including inflation.
Municipal Bond Rate	4.13% as of June 30, 2023 (source: S&P Municipal Bond 20-Year High Grade Index – SAPIHG)
Single Equivalent Discount Rate:	5.92%, net of OPEB plan investment expense, including inflation
Inflation:	2.50% as of June 30, 2023 and for future periods
Salary Increases:	3.00% annually as of June 30, 2023 and for future periods
Cost of Living Adjustment:	Not Applicable

REQUIRED SUPPLEMENTARY INFORMATION

(As of the June 30, 2023 Measurement Date)

Pre-Retirement Mortality:	General: RP-2014 Mortality Table for Blue Collar Employees projected generationally with scale MP-2016 for males and females, set forward 1 year for females Teachers: RP-2014 Mortality Table for White Collar Employees projected generationally with scale MP-2016 for males and females
Post-Retirement Mortality:	General: RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year for females Teachers: RP-2014 Mortality Table for White Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females
Disabled Mortality:	General: RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year Teachers: RP-2014 Mortality Table for White Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females

EXHIBIT BREQUIRED SUPPLEMENTARY INFORMATION

(As of the June 30, 2023 Measurement Date)

Plan Membership

At July 1, 2021, OPEB plan membership consisted of the following:

Retirees & Beneficiaries:	793
Actives:	<u>880</u>
Total:	1,673

Events Subsequent to the Measurement Date

To the best of our knowledge there were no material events subsequent to the Measurement Date that would impact the figures shown in this report.

Changes in Assumptions: From June 30, 2022 to June 30, 2023

- ✓ Due to the GASB 75 standards the discount rate has been changed from 5.74% to 5.92%.

Contributions/Withdrawals:

The contribution requirements of plan members and the Town are established and may be amended through Town ordinances. The Town contributed \$884,284 beyond the pay-as-you-go cost for the period ending on the June 30, 2023 Measurement Date. For the year ending on the June 30, 2023 Measurement Date total Town premiums plus implicit costs for the retiree medical program were \$6,034,108. \$1,421,148 of the \$6,034,108 represents implicit cost.

EXHIBIT BREQUIRED SUPPLEMENTARY INFORMATION

(As of the June 30, 2023 Measurement Date)

Census Data Manipulation:

In the absence of data, the following was assumed:

Spouse Sex:	Male participants had female spouses and vice versa.
Spouse Age:	Male spouses were three years older than female spouses and same sex spouses were the same age.
Hire Age:	Participants who were not on the previous valuation were hired halfway between last valuation and the current valuation. If we did not have census data related to the last valuation, the participants were assumed to have been hired at age forty.
Retiree Age:	Retirees had the same birth date as they had the prior valuation. If we did not have census data related to the last valuation, retirees who were enrolled in Active plans were assumed to be age sixty-two and retirees who were enrolled in Medicare Supplement plans were assumed to be age seventy-two. Those not enrolled in a medical plan were assumed to be sixty-seven.
School Demographics:	Two thirds of school participants were teachers.
Other Material Changes:	No other data changes were deemed to be material.

APPENDIX II – PLAN PROVISIONS

<u>Plan Year</u>	July 1 through June 30.
<u>Premium Effective Date</u>	Non-GIC: Medicare Supplement Plans: effective January 1, 2022 Active Plans: effective July 1, 2022 Dental Plans: N/A GIC: Medicare Supplement Plans: effective January 1, 2022 Active Plans: effective July 1, 2022 Dental Plans: N/A
<u>Creditable Service</u>	Elapsed time from date of hire to termination of service date.
<u>Benefits Offered</u>	Comprehensive Medical and \$5,000 of Group Term Life Insurance.
<u>Medicare Part A</u>	To the best of our knowledge the Town does not pay any Medicare Part A premiums or penalties.
<u>Medicare Part B</u>	Medicare Part B Premium reimbursements by the Town were not reflected in this valuation. Medicare Part B Penalty reimbursements have been reflected.
<u>Surviving Spouse Coverage</u>	Spousal benefits do not change after the death of a plan participant.

APPENDIX II – PLAN PROVISIONS

Eligibility

Hire Date	Eligibility
Before April 2, 2012	<ul style="list-style-type: none"> • Age 55 with 10 years of creditable service • 20 years of service regardless of age
On or after April 2, 2012	<ul style="list-style-type: none"> • Age 60 with 10 years of creditable service

Participant Contributions

Group	Individual	Two-Person / Family
Medical	<ul style="list-style-type: none"> • Several grandfathered retirees pay 17%-18% • All other Town retirees pay 25% of premiums • Retired Teachers pay 10%-15% of premiums based on retirement date 	<ul style="list-style-type: none"> • Several grandfathered retirees pay 17%-18% • All other Town retirees pay 25% of premiums • Retired Teachers pay 10%-15% of premiums based on retirement date
Dental	N/A	N/A
Life	<ul style="list-style-type: none"> • Town retirees pay 25% of premiums • Retired Teachers pay 40% of premiums 	N/A

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Pre-Retirement Mortality

General: RP-2014 Mortality Table for Blue Collar Employees projected generationally with scale MP-2016 for males and females, set forward 1 year for females
Teachers: RP-2014 Mortality Table for White Collar Employees projected generationally with scale MP-2016 for males and females

Post-Retirement Mortality

General: RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year for females
Teachers: RP-2014 Mortality Table for White Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females

Disabled Mortality

General: RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year
Teachers: RP-2014 Mortality Table for White Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females

Assumption Experience Study

The actuarial assumptions used to calculate the actuarial accrued liability and the service cost primarily reflect the latest experience studies of the Massachusetts PERAC issued in 2014 and their most recent analysis of retiree mortality during 2015 and 2016.

Discount Rate

5.92% per annum (previously 5.74%)

Net Long Term Rate of Return

6.23% (based on investment policy)

Municipal Bond Rate

4.13% as of June 30, 2023 (source: S&P Municipal Bond 20-Year High Grade Index – SAPIHG)

Actuarial Cost Method

Individual Entry Age Normal

Asset-Valuation Method

Market Value of Assets as of the Measurement Date, June 30, 2023

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Employee Termination

It was assumed that employees would terminate employment in accordance with the sample rates shown in the following table:

Non-Public Safety Employees

Service	Male	Female
0	15.00%	15.00%
5	7.60%	7.60%
10	5.40%	5.40%
15	3.30%	3.30%
20	2.00%	2.00%

Public Safety Employees

Service	Male	Female
0	9.00%	9.00%
5	6.00%	6.00%
10	3.50%	3.50%
15	2.00%	2.00%
20	1.50%	1.50%
25	1.50%	1.50%
30	1.50%	1.50%

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Retirement Rates for Eligible Employees

Age	Standard Male	Standard Female	Male Teachers	Female Teachers	Public Safety
45 - 49	0.00%	0.00%	0.00%	0.00%	6.00%

Permanent Disability Rates

Age	Standard	Teachers	Public Safety
20	0.01%	0.05%	0.20%
30	0.01%	0.07%	0.21%
40	0.07%	0.21%	0.71%
50	0.13%	0.42%	1.10%
60	0.12%	0.50%	0.80%

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Trend Rate

Medicare Part A & B Premiums & Penalties: Assumed to rise at the same rates as our Medical Plan trend assumption.

Medical Plans: Rates were developed using the SOA Getzen Model of Long-Run Medical Cost Trends with the following model input variables:

Inflation (CPI):	2.50%
Real GDP (per capita):	1.10%
Excess Medical Cost Growth:	1.10%
Expected Health Share of GDP in 2030:	21%
Health Share of GDP Resistance Point:	22.5%
Year for Limiting Cost Growth to GDP Growth:	2060

See below for a table of trend rates for select years:

Year	Rate
2021	9.00%
2022	8.00%
2023	6.50%
2024	5.00%
2025	4.96%
2026	4.92%
2027	4.88%
2028	4.84%
2029	4.81%
2030 - 2037	4.77%
2050	4.38%
2060+	3.63%

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Participation Rate

It was assumed that 80% of employees eligible to receive retirement benefits would enroll in the retiree medical plans upon retirement. For life insurance plans, it was assumed that 80% of eligible employees would elect coverage upon retirement.

Spouse Participation Rate

It was assumed that 80% of male employees and 70% of female employees who elect retiree healthcare coverage for themselves would also elect coverage for a spouse upon retirement.

Medicare Eligibility

It was assumed that retirees who were over age 66 on the valuation date and were enrolled in an Active plan were ineligible for Medicare and all other participants would be eligible for Medicare at age 65, absent any information to the contrary.

Compensation Increases

3.00% per year.

Inflation Rate

2.50% per year.

COVID-19

We recognize that COVID-19 may impact plan experience. We have reviewed the assumptions used in this report. Based on the data that is currently available, we have not made any adjustments to these assumptions to reflect the impact of COVID-19. We will continue to monitor the impact of COVID-19 to determine if adjustments to valuation assumptions are warranted.

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Implicit Subsidy

The implicit subsidy arises because retirees who are not eligible for Medicare are charged the same premium as active employees, even though their actual medical costs are higher on average. Consequently, a portion of the premiums being paid for active employees are being used to “subsidize” the premiums of retirees. Actuarial Standards of Practice and GASB standards require the liability associated with this implicit subsidy to be valued. The chart below shows a breakdown of how implicit cost impacts reported cash flows and liabilities. Actuarial Standard of Practice No. 6 (“ASOP 6”) requires us to recognize this implicit subsidy while the plan sponsor may only pay the premiums billed by an insurance provider.

Impact of Implicit Subsidy		
	As of the Measurement Date	
Impact on Liability	<u>June 30, 2023</u>	<u>June 30, 2022</u>
I. Total OPEB Liability	156,188,003	153,808,252
II. Total OPEB Liability (Excluding Implicit Subsidy)	<u>118,946,763</u>	<u>117,280,042</u>
III. Liability from Implicit Subsidy [I. - II.]	37,241,240	36,528,210

	For the Measurement Period Ending	
Impact on Payments	<u>June 30, 2023</u>	<u>June 30, 2022</u>
IV. Employer Payments (Including Implicit Subsidy)	6,034,108	6,103,903
V. Actual Employer Payments	<u>4,612,960</u>	<u>4,672,732</u>
VI. Implicit Subsidy [IV. - V.]	1,421,148	1,431,171

APPENDIX III – ACTUARIAL METHODS & ASSUMPTIONS

Open Group Forecast

For the projection of plan liabilities in future years, it was assumed that the number of active employees will remain constant and those who terminate employment or retire will be replaced with new employees with the demographics below:

Open Group Forecast Population Demographics		
Age	Male	Female
20	8.0%	5.0%
30	7.0%	14.0%
40	20.0%	19.0%
50	10.0%	10.0%
60	<u>3.0%</u>	<u>4.0%</u>
Total	48.0%	52.0%

Additional Comments

The liabilities being reported as of the Measurement Date of June 30, 2023 reflect a closed group and do not reflect any new entrants after the valuation date.

To the best of our knowledge all employees who are eligible on the valuation date are included in the actuarial valuation.

APPENDIX IV – PLAN DEMOGRAPHICS

Active Employees

Valuation Date	July 1, 2021

APPENDIX V – OVERVIEW OF GASB 74 & 75

Before Statements 74 and 75, GASB statement 45 established the reporting standards for Other Postemployment Benefit (“OPEB”) plans. It was designed to recognize the Other Postemployment Benefits earned by employees throughout their working career vs. when they are paid in retirement – accrual accounting vs. “pay-as-you-go” accounting. Additionally, each eligible active employee earns benefits each year representing benefits to be paid in retirement or a “Service Cost”. These amounts are reflected in your financial statement each year so that OPEB benefits for an eligible employee shall be fully charged to the financial statement when that eligible employee terminates employment.

In 2012 GASB issued GASB Statements 67 and 68 to update and standardize the financial reporting of pension liabilities. This increased the transparency of pension liabilities by moving them to the balance sheet and made financial statement disclosures of pension liabilities more comparable between municipal entities. GASB Statements 74 and 75 are designed to have the same effect on OPEB plans.

GASB 74 and 75 require retiree medical plans to disclose information about asset and liability levels and show historical contribution information. GASB 74 only applies in situations where a separate trust is established to prefund these benefits. GASB 75 requires employers to perform periodic actuarial valuations to determine annual accounting costs and to keep a running tally of the extent to which these amounts are over or under funded.

GASB 74 and 75 apply to those benefits provided after retirement, except for pension benefits, such as medical, dental and life insurance. The philosophy behind the accounting standard is that these postemployment benefits are part of the compensation earned by employees in return for their services, and the cost of these benefits should be recognized while employees are providing those services, rather than after they have retired. This philosophy has already been applied for years to defined benefit pensions; GASB 74 and 75 extend this practice to all other postemployment benefits.

APPENDIX V – OVERVIEW OF GASB 74 & 75

The process of determining the liability for OPEB benefits is based on many assumptions about future events. The key actuarial assumptions are:

Turnover and retirement rates – How likely is it that an employee will qualify for postemployment benefits and when will they start?

Medical inflation and claims cost assumptions – When an employee starts receiving postemployment benefits many years from now, how much will be paid each year for the benefits and how rapidly will the costs grow?

Mortality assumption – How long is a retiree likely to receive benefits?

Discount rate assumption – What is the present value of those future benefit payments in terms of today's dollars?

Since the liability is being recognized over the employee's whole career with the Town, the present value is divided into three pieces: the part that is attributed to past years (the "Total OPEB Liability" or "Past Service Liability"), the part that is being earned this year (the "Service Cost"), and the part that will be earned in future years (the "Future Service Liability").

Once the Accrued Liability and the Service Cost have been calculated, the next step is to determine an actuarially determined contribution. This is an amount that if paid annually would fully prefund the benefits for current active and retired employees. This consists of two pieces:

- ✓ Service Cost – because the benefits earned by active employees each year should be paid for each year
- ✓ Past Service Cost – a catch-up payment to fund the Accrued Liability over a period of time determined by an actuary

The final step is to keep track going forward of how much of the contribution is actually paid. There is no requirement to actually fund these benefits, but the cumulative deficiency must be disclosed on the Town's financial statements as the Net OPEB Liability (NOL). If you decide to fully fund the NOL this will appear in the financial statement as a Net OPEB Asset. In addition, the Discount Rate used to calculate the liabilities must reflect the expected investment income of whatever funds are set aside to prefund the benefits; if there is no prefunding then the Discount Rate will be much lower and the liabilities significantly higher than if the benefits are prefunded.

APPENDIX VI – ASOP 41 DISCLOSURES

The Actuarial Standards Board (the “ASB”), vested by the U.S.-based actuarial organizations¹, promulgates actuarial standards of practice (“ASOPs”) for use by actuaries when providing professional services in the United States. Each of these organizations requires its members, through its Code of Professional Conduct², to observe the ASOPs of the ASB when practicing in the United States.

The ASOPs are not narrowly prescriptive and neither dictate a single approach nor mandate a particular outcome. ASOPs are intended to provide actuaries with a framework for performing professional assignments and to offer guidance on relevant issues, recommended practices, documentation, and disclosure. Each ASOP articulates a process of analysis, documentation, and disclosure that, in the ASB’s judgment, constitutes appropriate practice within the scope and purpose of the ASOP.

ASOP 41 provides guidance to actuaries with respect to actuarial communications and requires certain disclosures which are contained in this Appendix.

Identification of the Responsible Actuary

The responsible actuary is Parker Elmore, ASA, EA, FCA, MAAA of Odyssey Advisors. This actuary is available to provide supplementary information and explanation.

Identification of Actuarial Documents

The date of this document is August 16, 2023 and its subject is the Town of North Attleborough's GASB 75 OPEB liabilities.

¹ The American Academy of Actuaries (the “Academy”), the American Society of Pension Professionals and Actuaries, the Casualty Actuarial Society, the Conference of Consulting Actuaries, and the Society of Actuaries.

² These organizations adopted identical *Codes of Professional Conduct* effective January 1, 2001

APPENDIX VI – ASOP 41 DISCLOSURES

Disclosures in Actuarial Reports

- ✓ The contents of this report are intended for the use of the officers, employees, and elected officials of the Town and the Town's appointed auditor. The Town may distribute this report to those parties that have a legal right to require the Town to provide it, in which case it will be provided in its entirety including all assumptions, caveats, and limitations. In addition, we request that the Town notify Odyssey Advisors to whom it was distributed.
- ✓ The purpose of this engagement was to provide the Town with analysis of the GASB 75 OPEB liabilities.
- ✓ The responsible actuary identified above is qualified as specified in the Qualification Standards of the American Academy of Actuaries.
- ✓ Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.
- ✓ Actuarial computations under GASB 75 are for purposes of fulfilling financial accounting requirements of the Town. Determinations for purposes other than meeting these financial accounting requirements may be significantly different from the results contained in this report. These communications should not be relied upon for any other purpose.
- ✓ The Town of North Attleborough has agreed to pay Odyssey Advisors a fee for preparing this report. Other than with regard to that contract, we are financially and organizationally independent from the Town and any entity or individual related to the Town. There is nothing in our relationship with the Town that would impair or seem to impair the objectivity of our work.
- ✓ The Town provided the employee/retiree data, premium rates and other information used to prepare our report. We have reviewed the data for reasonableness but have not audited it. To the extent that there are material inaccuracies in the data, our results may be accordingly affected.
- ✓ The date through which data or other information has been considered in developing the findings included in this report is June 30, 2023.
- ✓ The various documents comprising the actuarial report are contained within the document to which these disclosures are attached.

APPENDIX VI – ASOP 41 DISCLOSURES

Events Subsequent to the Measurement Date

To the best of our knowledge there were no material events subsequent to the Measurement Date that would impact the figures shown in this report.

Actuarial Findings

The actuarial findings of the report can be found in the report to which these disclosures are attached.

Methods, Procedures, Assumptions, and Data

The methods, procedures, assumptions and data used by the actuary can be found in the report to which these disclosures are attached.

Assumptions or Methods Prescribed by Law

While not legally binding, our determinations were made in accordance with our understanding of Statement No. 75 of the Governmental Accounting Standards Board. Actuarial computations under GASB 75 are for purposes of fulfilling employer accounting requirements. Determinations for purposes other than meeting such requirements may be significantly different from these results. Accordingly, additional determinations may be needed for other purposes.

Responsibility for Assumptions and Methods

The actuary does not disclaim responsibility for any material assumption(s) or method(s).

Deviation from the Guidance of an ASOP

The actuary has not deviated materially from the guidance set forth in an applicable ASOP.

Rounding

Results in this report are shown to the nearest dollar. Due to the predictive nature of these results, no implication is made as to the degree of precision in these unrounded figures. Clients should work with their auditors to decide if it would be prudent to round these results when applying them to the financial statements.

GLOSSARY

Accrual Accounting – A system of accounting in which revenues are recorded when earned and outlays are recorded when goods are received or services performed, even though the actual receipt of revenues and payment for goods or services may occur, in whole or in part, at a different time.

Actuarially Determined Contribution – Amount of funding required annually to fully fund plan benefits. Determined by the actuary using a consistent methodology.

Amortization – Allows the recognition of liability over a fixed period of time.

Cash Basis Accounting – A system of accounting in which revenues are recorded when received and outlays are recorded when payment is made.

Deferred Inflows/Outflows of Resources – Amounts arising from experience gains and losses that have not been recognized into the OPEB Expense but will be recognized in the future.

Discount Rate – The interest rate used to calculate the present value of future cash flows. Under GASB 75, the rate should be the expected long-term rate of return on investments for a plan that is being fully funded, the 20-year municipal bond index for a pay-as-you-go plan, and a blend of the two rates for a plan that is being partially funded.

Entry Age Normal – Under this method, the annual service cost for each individual active member, payable from the date of employment to the date of retirement, is sufficient to accumulate the value of the member's benefit at the time of retirement. The annual service cost for each active member is a level percent of payroll. The total OPEB liability is the actuarial present value of the projected benefit times the ratio of past service to expected total service at retirement/termination.

Fiduciary Net Position – The value of cash, investments, other assets and property belonging to an OPEB trust.

GLOSSARY

Government Accounting Standards Board (GASB) – “The Governmental Accounting Standards Board (GASB) was organized in 1984 by the Financial Accounting Foundation (FAF) to establish standards of financial accounting and reporting for state and local governmental entities. Its standards guide the preparation of external financial reports of those entities.”

Implicit Subsidy – The liability that arises because retirees who are not eligible for Medicare are charged the same premium as active employees even though their actual medical costs are higher on average.

Irrevocable Contribution – The transfer of assets to a qualified trust in which assets may only be withdrawn for the purpose of providing retiree other postemployment benefits.

Net OPEB Liability (NOL) – Total OPEB Liability less the Fiduciary Net Position.

Other Postemployment Benefits (OPEB) – Benefits that an employee will begin to receive at the start of retirement. This does not include pension benefits paid to the retired employee.

OPEB Trust – An entity which holds assets for the sole purpose of funding OPEB. All contributions and earnings within this entity must be irrevocable and protected from creditors.

Pay-as-you-go funding – Paying benefits (such as pensions or OPEB) on a cash basis, with no money set aside for future liabilities which are already incurred.

Service Cost – The actuarially determined present value contribution needed to fund benefits which are earned for employee service rendered during the current year. Service cost depends on many factors, including the interest rate used to discount future cashflows, and expected inflation.

Total OPEB Liability (TOL) – That portion, as determined by the Individual Entry Age Normal Actuarial Cost Method, of the Actuarial Present Value of benefits and expenses which are not provided for by future Service Costs.
