### PURPOSE AND JUSTIFICATION:

The purpose of this measure is to reallocate unused resources from prior capital appropriations to meet current needs for maintaining and improving Town Hall facilities. By consolidating these idle funds into a newly established Town Hall Improvement Fund, the Town can ensure that necessary improvements are properly supported without requiring new appropriations.

The two capital project funds identified for re-purposing are A16/13 STM, Establish and Maintain the North Attleboro Community Partnership Fund, and A30/16 OTM, Appropriate Funds for Consultants for Community Rating System. These funds carry balances of \$37,427.60 and \$13,600 respectively and have remained unused since approval. Leaving funds unused does not benefit the Town. Re-purposing these funds to a Town Hall Improvement Fund is a fiscally responsible action that maximizes the use of existing resources, reduces the need for new appropriations, and directly supports the upkeep of critical municipal facilities.
