- Private

Category 1: Attaining all designated uses.
 Category 2: Attaining some of the designated uses but not assessed for all other uses.
 Category 3: Insufficient or no data and information to determine if any designated uses are attained.
 Category 4: Impaired for one or more designated uses but not requiring a TMDL for the following reasons:
 4A: TMDL has been completed.
 4B: Other pollution control requirements are reasonably expected to result in the attainment of designated uses.
 4C: Impairment is not caused by a pollutant.
 Category 5: Impaired for one or more designated uses; requires the development of a TMDL.
