PURPOSE AND JUSTIFICATION:

Purpose:

To request an exemption from mail-in ballots for the April 7, 2026 Town election.

Justification:

The timeline for preparing and distributing mail-in ballots for the Town election is closely aligned with the demanding schedule of the election preparations. The process begins 33 days prior to the Town election, involving a meticulous setup and approval procedure with Elections Systems & Software, followed by a printing phase. This concurrent scheduling poses significant challenges in ensuring the timely receipt of ballots by the Elections office, especially early voting and absentee ballots. Upon receipt, each ballot undergoes a rigorous accuracy check before being dispatched to voters. This overlapping timeframe creates an intensive workload, heightening the risk of errors in processing and mailing the ballots. Moreover, it compresses the period available for voters to receive, complete, and return their ballots, potentially impacting the integrity and efficiency of the voting process. Therefore, opting out of mail-in ballots is proposed to mitigate these risks and ensure a smooth and error-free election process.

SPECIAL REQUIREMENTS: Requires a Public Hearing & A Public Role Call Vote
