

Tax Collector's Office

Electronic Checks / Electronic Bill Pay

Electronic Payment to the Tax Collector's office of personal property, real estate, and/or motor vehicle excise taxes is allowed via your banking institution, however there are some important points you need to understand so we may properly apply your payment to the correct bill.

Bill Number

The primary identifier of your tax bill is the Bill Number and it is different for each bill and for each year. If you have multiple bills, you will have multiple bill numbers. The Bill Number is clearly shown on your tax bill. Each Bill Number should be indicated on each bill payment. Account numbers, property parcel IDs, license plate numbers, etc., while helpful, are not the primary identifiers of your tax bill. **Not having the Bill Number referenced with your payment will slow down or prevent applying the payment to your bill.**

Important: If the Bill Number shown on your tax bill is preceded by the letters "PY", then there is a Prior Year tax balance due. Contact the Tax Collector's office immediately to resolve and avoid a tax lien on your property and to determine the proper payment amount.

Understanding Electronic Checks / Electronic Bill Pay

By whatever name your banking institution calls it, the ability for you to pay bills electronically without having to personally write and mail checks is a time and money-saving feature (e.g., no postage). While some companies and organizations allow "electronic deposit" of electronic payments, a majority do not. This means for most electronic payments, your banking institution creates and mails paper checks. For Town of North Attleborough tax bills we do not receive electronic bill payments electronically, so banks print and mail us paper checks. Therefore, it can take up to five (5) or more business days before we receive your payment in Town Hall.

What Information is Required?

Whenever paying electronically we need your Bill Number. Because the Bill Number is unique to each bill each year, setting up and saving a "Pay To" account, based on a Bill Number, is pointless – you will end up having many "Pay To" accounts for the Town of North Attleborough, one for each Bill Number. Remember, we may not be able to apply your payment without a Bill Number.

The address to be used is: Town of North Attleborough P.O. Box 871 N. Attleboro, MA 02761
