

Town of North Attleborough
 Department of Public Works
 Highway Division

Unaccepted Road Maintained by the Town

The Town maintains a number of unaccepted gravel and paved roads for the purpose of emergency vehicle access. Gravel Roads are graded twice annually and are plowed by the Town. Roadside mowing, tree work and other work typically performed within public ways are not performed on unaccepted roads. The Town may not perform drainage work within unaccepted roads.

Town of North Attleborough
 Department of Public Works
 Highway Division

Private Roads Not Maintained by Town

Private Roads that were constructed after subdivision control regulations within the Town that are not built to Town standards are considered private and have no public services provided, including plowing, patching or drainage. Property owners are responsible for any and all work to be performed on the roadway. In order for the residents to have the Town take responsibility for the roadway, the road would have to be brought up to Town standards at the property owner's expense.
