ACCESSING CARE

The Importance of a Primary Care Provider: Routine health checkups with your PCP are one of the best ways you can stay on top of your health. Your PCP can also manage your care and refer you to specialists.

Choose a PCP for yourself and every member of your family covered under your plan. Everyone doesn't need to see the same PCP.

When selecting a PCP, consider the hospital where your PCP has admitting privileges. You can use the **Find a Doctor** tool to find this information.

Seeing a Specialist: If you need to see a specialist, your PCP must refer you for the care to be covered under your plan. Make sure your PCP has contacted the specialist's office and provided the referral.

Telehealth Visits: When appropriate, you can choose to have phone or video visits with covered medical and mental health care providers. Ask your provider if they offer telehealth.

24/7 Nurse Line: Speak to a registered nurse, right when you need to, day or night. Call **1-888-247-BLUE (2583)**.

UNDERSTANDING PRIOR AUTHORIZATION

To make sure you only get care that's medically necessary and covered by your plan, your doctor needs to obtain prior authorization, or approval, from us for certain services, procedures, or medications. Without prior authorization, your care may not be covered, and you may have to pay the full cost. Be sure to ask your doctor if prior authorization is needed before you receive care.

ABOUT YOUR ID CARD

You need to show your member ID card when you go to the doctor or a hospital. It includes important details, such as copay amounts and your member ID number.* If you have pharmacy coverage, this will be noted, too. You can use the MyBlue app to view, download, and email a digital version of your card.

Lost your ID card?
No problem, you can order another one through MyBlue.

*As of January 1, 2022, your ID card will also include information about the maximum deductible and out-of-pocket costs for your plan.
