

Petition to Reduce Taxes on Seniors if High School Vote Passes

We petition the North Attleboro Town Council to hold a public hearing and take action on said petition as follows:

To direct the Town Manager and for the Town Council to adopt a Special Act to take effect only if the debt exclusion vote passes to build a new High School. The intent is to protect seniors with low income or assets from having taxes increase to an unmanageable level to protect seniors' health and homes.
