

North Attleborough Seeks Residents to Serve on Town Manager Screening Committee

The North Attleborough Town Council is seeking residents interested in serving on a Town Manager Screening Committee. The committee will work with municipal executive search consultancy Community Paradigm Associates to screen applicants for North Attleborough's Town Manager. The committee will review résumés and application materials of candidates and conduct initial interviews. The committee will select up to five Town Manager finalists to be presented to the Town Council.

Residents are asked to submit a letter of interest, noting the strengths they would bring to the committee, to the Town Council's office by October 11, 2019. Letters of interest may be submitted via email to Town Council President Keith Lapointe at: klapointe@nattleboro.com

The Town Manager Screening Committee is expected to be appointed by October 28, 2019. The work of the committee is projected to begin in late October and be completed by the end of November.
